You are invited to the opening of our forthcoming exhibition:

Man of the Year

Henry Coombes & Carles Congost

on Fri 22 November 2013, 7pm - 9pm
CCA Galleries

Through abstract paintings, cartoon-like drawings and cinematographically-produced videos, Henry Coombes and Carles Congost attempt to (mis)represent how the art scene replicates the hierarchies of the social world.

Inspired by The Times magazine's well-known series, Man of the Year reflects the artists' common use of satirical humour, with a trace of melancholy. Coombes presents work from a new series of paintings alongside the premiere of his film *Two Discs and a Zed*, which dramatises the historical nature/culture opposition. Congost, whose work is exhibited in Glasgow for the first time since 1996, presents his most recent film, *Paradigm*, alongside earlier projects specifically re-staged for CCA.

Please join us for a preview of the work and a drink courtesy of Williams Bros. Brewing Co. We look forward to seeing you.

Best wishes,
All at CCA
